

***“Animals bring love and joy to our lives every day, but being able to give back to them even when you’re no longer here, can make a huge difference.”***

**– Nick, with Jack**

## **NICK’S STORY...**

**“JACK HAS CHANGED OUR LIVES. MY FAMILY AND I WANT TO ENSURE THAT THE RSPCA IS THERE IN THE FUTURE FOR ALL DOGS LIKE JACK.”**

Jack is always happy to see me every time I come home, it’s the most amazing feeling in the world to be loved so unconditionally by an animal – and the feeling’s mutual!

Even though I hope that we are here for Jack for many more years, the Home Ever After program gives great peace of mind knowing RSPCA will be there to provide a loving home to Jack if we no longer can.

But my love of animals goes beyond our wonderful

pet – we live in the most beautiful state and have the most amazing wildlife on our doorstep. I know that through bushfires, drought and just general everyday life RSPCA Queensland is there to help and protect animals who would not survive.

My family couldn’t imagine our lives without Jack, and we don’t want to imagine a life without a caring family to love him, but I know that RSPCA Queensland is there for all animals and I couldn’t imagine a better legacy.

“I know that a gift in my Will can continue this great work, long into the future.”

**THE LOVE YOU FEEL FOR YOUR PETS CAN LIVE ON IN THEIR LIVES, EVEN AFTER YOU’RE GONE.**
